Green is the new Gold

MARCUS ROHRER SPIRULINA

Green Superfood

THE BRAND

- 100% natural, top quality Spirulina
- Grown under strict, high quality controls in sun-drenched Hawaii
- The tanks are filled with spring water from rain forests and are topped up with pure, mineral enriched seawater
- The Spirulina is freeze dried in 6 seconds to enable natural preservation of its nutrient rich levels
- Contains huge quantities of solar energy (important for keeping us healthy)
- Only brand to be packed in Miron® glass to fully preserve the solar energy in Spirulina and protect it from light

MARCUS ROHRER SPIRULINA

- Pack size: 180 tablets
- RRP £19.95

SPIRULINA®

THE QUALITIES OF SPIRULINA

- The Green Superfood
 - With extremely high nutrient density
 - 96 minerals and trace elements
- To support cardiovascular & reduce cholesterol
- Alkalizing
 - Spirulina is strongly alkalizing, helps restore the pH-balance
- Strengthens the Immune System
 - Inhibits viral replication & encourages anti-body production
- Carrier of Sun Energy
 - Energy and Vitality & contribute to well-being

THE QUALITIES OF SPIRULINA

- Compensates for nutritional deficiencies
 - Modern diet full of over processed nutrient depleted food, more antioxidants needed!
 - Stress, workload, smoking and alcohol deplete us of nutrients
- Ideal detoxifier. High antioxidative activity
- Easily digested and absorbed
- Supports eye health
 - Contains beta carotene & zeaxanthin, ideal to combat “age related macular disease”

SPIRULINA: BENEFITS FOR YOUR BODY

- For more energy & endurance
 - Compensates for deficiencies
 - Replenishes minerals & iron
- To support skin health
 - Carotenoids protect skin from UV damage and slows down aging process by keeping skin elastic.
- To support bone health
 - Vitamin K2 helps depositing calcium into bones
 - By alkalizing - osteoporosis is partly due to highly acidic diet!
- For red blood cell formation
 - Vitamin B12 promotes cell division.
